IV. Declaration

I, the undersigned official veterinarian hereby certify that:

1. The producer is a plant which is approved by the State Veterinary Services for the local market as well as for export to Israel and supervised by an official accredited veterinarian;
2. No cases of diseases specific to the species included in List A of the OIE code have been diagnosed within a radius of 30 kms from the processing plant during the last 6 months prior to shipment;
3. In the case of canned pet food, the product has been:
 - a) heat treated in hermetically sealed containers to a minimum Fc value of 3,0;
 - b) manufactured and packed complying with approved manufacturing practice, sufficient to render it commercially sterile and free from pathogenic microorganisms;
4. In the case of dry pet food and semi-moist pet food:
 - a) The product has been manufactured and packed complying with approved manufacturing practice, sufficient to render it microbiologically stable, and is fit for sale in the country of origin and for export to Israel.
 - b) The processed pet food or the ingredients of animal origin have been subject to a heat treatment of at least 90°C throughout their substances;
 - c) The end products have been examined within 2 weeks prior to shipment and found free from pathogenic microorganisms, including Salmonellae;
5. The end product was stored in enclosed storage and has undergone all precautions to avoid recontamination with pathogenic agents after treatment;
6. To the best of my knowledge and belief, the consignment certified herein has not been exposed to radioactive contamination.
